INFO

ACTIVE LUX, a line of nylon bags created around the concept of essentiality and functionality, is a fine carryover offering in the Mandarina Duck collection.

ACTIVE LUX features a rich aesthetic thanks to the glossy finish of the material used, available in six colors, and personalized metal accessories, in Shiny Nickel.

The body of the bag features flat pockets with exposed and hidden zip, maintaining a clean and original construction.

ACTIVE LUX features a Mandarina Duck logo jacquard ribbon with a glossy/matte effect.

Branding elements are the MANDARINA DUCK metallic logo lettering and the personalized metal pullers.

The jacquard lining is personalized with a new, refined monogram pattern.

The line consists of fourteen functional, small and medium-sized models: from crossovers and hobos to slide, from totes and backpacks to bowling bag

ACTIVE LUX, linea di borse in nylon creata intorno al concetto di essenzialità e funzionalità, è una preziosa proposta continuativa all'interno dell'offerta Mandarina Duck.

ACTIVE LUX presenta una ricca estetica grazie al finishing lucido del materiale utilizzato, disponibile in sei colorazioni, e gli accessori metallici personalizzati, in colore Shiny Nickel.

Il corpo della borsa presenta tasche piatte con zip a vista e zip nascoste e mantiene una costruzione pulita e originale.

ACTIVE LUX presenta un nastro jacquard logato Mandarina Duck con effetto lucido/opaco.

La firma metallica MANDARINA DUCK e i puller, anch'essi in metallo, sono personalizzati e luminosi, impreziosendo il prodotto stesso.

La fodera interna Jacquardata è personalizzata con un nuovo raffinato motivo monogram.

La linea si compone di quattordici modelli funzionali, di piccole e medie dimensioni: dalle crossover e hobo alla slide, da tote e backpack a bauletto.

INFO

Why CHARMING DUCK? For its unique style, contemporary design and practicality. CHARMING DUCK is the line in our new rubberized material.

Crafted from a soft, smooth rubberized material, it offers rich, feminine, yet functional designs.

The line is made of twelve styles. Taking advantage of the material's unique characteristics, the collection features interesting shapes, including small and medium-sized bags, in line with current trends.

CHARMING DUCK is available in three colors. Alongside classic black, the collection features dusty, feminine commercial tones. All color options feature matching-tone details. A touch of Mandarina Duck yellow is featured on the main compartment puller, the shoulder strap loop and the interior lining.

The metallic lettering logo, also in the same color as the bag, provides a personalized touch.

The styles are enhanced with detachable keychain charms made of soft silicone, in full Mandarina Duck spirit: witty, ironic, colorful!

Perché CHARMING DUCK? Per il suo stile unico, il suo design contemporaneo e il suo animo pratico. CHARMING DUCK è la proposta nel nostro nuovo materiale dall'effetto gommato.

Realizzata infatti in morbido materiale liscio gommato offre modellerie ricche, femminili, ma funzionali allo stesso tempo.

Dodici modelli compongono linea. Sfruttando le caratteristiche proprie del materiale, all'interno della proposta sono presenti forme interessanti, ovvero borse di piccole e medie dimensioni, in linea con i trend attuali.

CHARMING DUCK è offerta in tre colori. Accanto al classico nero la proposta presenta toni tenui, femminili e commerciali. Tutte le opzioni colore sono caratterizzate da dettagli matching tone. Un tocco di giallo Mandarina Duck è presente sul puller del comparto principale, sul loop della tracolla e sulla fodera interna.

Il logo lettering metallico, anch'esso nello stesso tono del corpo borsa, è elemento di personalizzazione.

I modelli sono arricchiti da charm portachiavi staccabili realizzati in morbido silicone. I soggetti proposti sono in pieno spirito Mandarina Duck, spiritosi, ironici, colorati!

MANDARINA DUCK

INFO

For 50 years, Mandarina Duck has transformed passion into products, reinventing our days and travel, combining functionality and color. 50 years of ideas, half a century of innovative solutions, designed to accompany every journey. And the best is yet to come… We're ready for the next 50

For our first 50 years, the key word is Shine!... brightening our days and shining on the most special journeys!

Our icon, the well-known and beloved MD20, is dressed in our Mitrix 3D-effect fabric, enriched with a precious gold metallic thread.

The brilliant gold color and customized gold metallic details give the products a special sparkling look, almost as if they were dipped in a precious metal.

To celebrate the 50th anniversary, the traditional logo transforms into…MD50! Inside, the models feature a new jacquard label dedicated to the special occasion... a precious detail that makes your favorite product even more special!

The same jacquard label embellishes the cotton dust bag that comes with the product.

The line consists of 17 styles of bags, backpacks, small accessories... a selection of bestsellers from the main MD20 line.

Da 50 anni Mandarina Duck trasforma la passione in prodotto, reinventa le nostre giornate, il viaggio, unendo funzionalità e colore. 50 anni di idee, mezzo secolo di soluzioni innovative, pensate per accompagnare ogni percorso. E il meglio deve ancora venire… Siamo pronti per i prossimi 50

Per i nostri primi 50 anni la parole d'ordine è Splendere!... illuminando le nostre giornate e brillando nei viaggi più speciali!

La nostra icona per eccellenza, la conosciutissima ed amatissima MD20, si veste di tessuto effetto 3D, il nostro Mitrix, arricchito di filato metallico nel prezioso colore oro.

Il colore oro brillantissimo e i dettagli metallici personalizzati, anch'essi in oro, donano ai prodotti uno speciale aspetto scintillante, quasi come se i prodotti fossero stati immersi in un metallo prezioso.

Per celebrare il 50esimo anniversario, il tradizionale logo si trasforma in…MD50! All'interno i modelli presentano una nuova etichetta jaquard dedicata alla speciale festa… un dettaglio prezioso che rende il tuo prodotto preferito ancora più speciale!

La stessa etichetta jaquardata impreziosisce la dusty bag in cotone fornita insieme al prodotto stesso.

La linea si compone di 17 modelli di borse, zaini, piccoli accessori… una selezione dei best seller della linea principale MD20.

MELLOW LEATHER

Mellow Leather

IL "VIAGGIO SOSTENIBILE" DI MANDARINA DUCK

Orgogliosi di poter annunciare che la nostra **PELLE made-in Italy** può essere definita **"CARBON NEUTRAL"** rispetto alle emissioni dirette ed indirette di gas serra.

Le nostre pelli, inoltre, sono state ufficialmente sottoposte al sistema di misurazione **"BIOBASED"**, certificato dal Dipartimento dell'Agricoltura degli Stati Uniti (**USDA**), rilevando la presenza di **CARBONIO ORGANICO fino a 85%** rispetto a un 15% di CARBONIO di origine FOSSILE.

Si tratta di due risultati straordinari che ci consentono di poter affermare che la nostra pelle può essere considerata parte di un PROCESSO **"ALTAMENTE SOSTENIBILE"** all'interno di **"un'ECONOMIA CIRCOLARE"**.

THE MANDARINA DUCK "SUSTAINABILITY JOURNEY"

We are proud to announce that the **made-in Italy LEATHER** used for our bags achieved "**CARBON NEUTRALITY**" with respect to direct and indirect emissions.

The skins, moreover, have been **officially certified by the USDA** (United States Department of Agriculture) in terms of "**BIOBASED" contents, they do achieve up to 85% of ORGANIC CARBON** and 15% only of FOSSIL CARBON.

With these extraordinary results, our leather can be considered as part of a "**HIGHLY SUSTAINABLE**" PROCESS within the "**CIRCULAR ECONOMY**".

REVIVAL 2.0

ECODUCK™
MANDARINA DUCK

IL "VIAGGIO SOSTENIBILE" di MANDARINA DUCK

Con l'obiettivo di poter contribuire a una maggiore **RESPONSABILITA' AMBIENTALE**, a partire dalla stagione FW24, siamo orgogliosi di presentare collezioni **PIU' SOSTENIBILI.**
Abbiamo così registrato il nostro marchio **ECODUCK TM** e sviluppato materiali realizzati con un'elevata percentuale di **plastica RICICLATA.**

Per il tessuto **della LINEA REVIVAL 2.0**, abbiamo utilizzato un POLIESTERE 100% riciclato: dando ai rifiuti una nuova vita, abbiamo così ridotto il nostro impatto sul pianeta e realizzato prodotti resistenti e di lunga durata.

Massima attenzione è stata riservata anche al packaging: ciascun prodotto viene consegnato con un cartellino a forma di bottiglia che racconta una "storia": quella relativa al materiale impiegato, ed al numero di **BOTTIGLIE PET 0,50lt** utilizzate e rimosse dall'ambiente (riciclando), per realizzare il prodotto stesso; anche una polybag interamente riciclata è stata prevista per contenere il modello acquistato.

THE MANDARINA DUCK "SUSTAINABILITY JOURNEY"

With the goal to contribute to a more **ENVIROMENTAL RESPONSIBILITY**, we have been working on **SUSTAINABLE** collections since FW24 season.To this purpose, we have registered **ECODUCK TM** and developed materials having a very high percentage of **RECYCLED plastic.**

For **REVIVAL 2.0**, we have used a **100%** Recycled Polyester: by giving waste new life, we have reduced our impact onto our **planet** and manufactured strong and durable products.

Utmost attention has been paid to the packaging, as well: each product is delivered with a bottle-shape recycled paper hangtag telling a "story": about the material used and the number of existing **PET BOTTLES 0,50lt** removed and recycled to produce the product itself; we also consider a 100% recycled polybag to include any product that we supply.

INFO

"In nature nothing is created, nothing is lost, everything changes." Antoine-Laurent Lavoisier

...Things transform in our REVIVAL 2.0, Mandarina Duck carryover line. REVIVAL 2.0 is inspired by the original REVIVAL concept – we all loved it! - born in the SS11 season.

REVIVAL 2.0 incorporates the typical characteristics of Mandarina Duck DNA: functionality, high-performance materials, lightness, colour, versatility of use, attention to the environment.

REVIVAL 2.0 is part of ECODUCK™ project. Mandarina Duck, with this project, contributes to protecting the environment: by using a 100% recycled fabric it is committed to guaranteeing more conscious and sustainable production.

The main fabric, made from recycled plastic (PET) bottles, has a distinctive texture reminding to plastic packaging. REVIVAL 2.0 recycled PET is superior quality and very colorful, and is enriched by a lining, also recycled.

All REVIVAL 2.0 products are very versatile and can be used throughout the day, accompanying us in all our activities. As a first bag or as an accessory to use if we need extra space, REVIVAL 2.0 is designed for free time, for the office, for travel!

All models are presented in a transparent pocket in which they are folded. The pocket is part of the product itself and, for a selection of models, can be used to store all those small objects that tend to get lost in the bag.

The models can therefore be taken anywhere thanks to their lightness, extraordinary resistance and the peculiar characteristic that allows them to be folded with a simple gesture, so that they take up very little space.

The transparent pocket presents a drawing of the product contained in it and its dimensions.

All products come with a recycled paper tag with the most important information, including how many plastic bottles were used to make the product itself.

For SS27 Mandarina Duck offers six color options: in addition to carryover Black and yellow Mandarina, for summer season new bold colors are offered, in line with seasonal palette.

"Nulla si crea, nulla si distrugge, tutto si trasforma." Antoine-Laurent Lavoisier

...E le cose si trasformano nella nostra REVIVAL 2.0, proposta continuativa Mandarina Duck, disponibile anche per la stagione SS27. REVIVAL 2.0 si ispira al concetto originale REVIVAL, nato nella stagione SS11 e da noi tanto amato.

REVIVAL 2.0 incorpora i caratteri tipici del DNA Mandarina Duck: funzionalità, materiali performanti, leggerezza, colore, versatilità di utilizzo, attenzione all'ambiente.

REVIVAL 2.0 fa parte del progetto ECODUCK ™. Mandarina Duck, con questo progetto, contribuisce alla salvaguardia dell'ambiente: utilizzando un tessuto 100% riciclato si impegna a garantire una produzione più consapevole e sostenibile.

Il tessuto principale, ottenuto da bottiglie di plastica reciclate (PET), presenta una texture distintiva che ricorda la plastica da imballaggio. Come tutti i materiali Mandarina Duck, anche il tessuto PET riciclato di REVIVAL 2.0 è di qualità superiore e coloratissimo, ed è arricchito da una fodera, anch'essa riciclata.

Tutti i dettagli sono funzionali, nulla è lasciato al caso e puramente estetico.

I prodotti che compongono la linea sono tutti molto versatili e possono essere utilizzati durante l'intera giornata, accompagnandoci nelle attività più disparate. Come prima borsa o come accessorio da utilizzare in caso si abbia bisogno di spazio extra, REVIVAL 2.0 è pensata per il tempo libero, per l'ufficio, per il viaggio!

Tutti i modelli sono presentati in una tasca trasparente in cui sono ripiegati ed inseriti. La tasca è parte del prodotto stesso e in alcuni dei modelli proposti può essere utilizzata per riporre tutti quei piccoli oggetti che tendono a perdersi nella borsa.

I modelli si possono portare quindi ovunque grazie all'estrema leggerezza, la straordinaria resistenza e soprattutto alla peculiare caratteristica che permette di ripiegarli con un semplice gesto, cosicchè occupino pochissimo spazio.

La tasca trasparente presenta un disegno del prodotto in essa contenuto e le dimensioni dello stesso e ci ricorda sempre di cosa si tratta e quale l'utilizzo preferito!

Tutti i prodotti sono corredati di un cartellino in carta riciclata che riporta le informazioni più importanti, compresa quella relativa a quante bottiglie di plastica sono state utilizzate per realizzare il prodotto stesso.

Per SS27 Mandarina Duck propone sei opzioni colore: accanto ai continuativi nero e giallo Mandarina, per la stagione estiva sono proposti nuovi grintosi colori in linea con la palette stagionale.

INFO

Whether you're an adventure lover or have to go through the urban Jungle every day, the ECO COATED world is designed for you!

Made with recycled materials, ECO COATED is a cross-category and cross-gender line, with a young cool look.

For those looking for accessories that are functional, equipped with multiple pockets and designed in detail, the answer is this line made of water-resistant coated fabric.

There are four color options– total black and yellow/black carryover, Off White/black and Grey Marble/Teal seasonal – with a Mandarina Duck logo printed in contrasting color.

In perfect Mandarina Duck style, ECO COATED also plays with contrasting details, whether they are pullers, seams or decorative/functional elements such as the elastic cord you can use for attaching your accessories.

Designed to offer multi-functional and multi-portability volumes that adapt perfectly to the needs of the consumer who needs "all in one" products, the offer consists of backpacks for urban use, travel backpacks, messenger, tote, duffles in different sizes and small crossovers. This season SS27 new wallets are added to the range.

Per gli amanti dell'avventura oppure per tutti noi che ogni giorno dobbiamo destreggiarci nella Jungla urbana... ecco il mondo ECO COATED!

Realizzata con materiali riciclati, ECO COATED è una linea cross-category e cross-gender, dal look giovane e grintoso.

Per chi cerca accessori che siano capienti, funzionali, dotati di molteplici tasche e studiati nel minimo dettaglio la risposta si trova in questa linea realizzata in un robusto tessuto spalmato resistente all'acqua.

Quattro sono le varianti colore – total black e yellow/black sono continuative mentre Off White/Black e grigio Marble/Ottanio blu é la nuova proposta stagionale – con personalizzazione logo Mandarina Duck stampato in contrasto colore.

In perfetto stile Mandarina Duck ECO COATED gioca anche con i dettagli a contrasto, che siano i puller, le cuciture o gli elementi decorativi/funzionali come il cordoncino elastico utile per agganciare i nostri accessori.

Studiata per offrire volumi multifunzionali e dalla multi portabilità che si adattino perfettamente alle esigenze del consumatore che necessita di prodotti "all in one", l'offerta si compone di zaini per uso urbano, zaini da viaggio, messenger, tote, borsoni in varie dimensioni e piccole borse a tracolla. Dalla stagione SS27 l'offerta si completa di una selezione di portafogli.

INFO

SMART DUCK is a new cross-category proposal by Mandarina Duck, belonging to the Urban & Casual segment.

SMART DUCK stands out for its urban and contemporary design: it is trendy, ensures protection and security, and is highly functional thanks to its well-designed volumes.

The line is made from 100% recycled polyester and is part of Mandarina Duck's sustainable ECODUCK™ range.

The body of the bag is crafted by combining fabrics and coated surfaces in the same color tone, giving the products a deeper and more refined look.

The front panel features the iconic MD TANK design, created using high-frequency technology.

Metal components are in glossy black nickel.

The Mandarina Duck graphic logo, applied in silicone print, customizes all items in the line.

SMART DUCK ...Perchè smart é questa nuova proposta cross-category Mandarina Duck appartenente al segmento Urban&Casual.

SMART DUCK si caratterizza per il suo design urbano e contemporaneo: é trendy, garantisce protezione e sicurezza, é funzionale grazie ai volumi proposti.

La linea é realizzata in poliestere riciclato al 100% e fa parte del mondo sostenibile ECODUCK TM Mandarina Duck.

Il corpo borsa é realizzato combinando tessuti e superfici spalmate nello stesso tono di colore, aspetto che rende il look dei prodotti più profondo.

Il pannello frontale presenta l'iconico design MD TANK realizzato con la tecnica dell'alta frequenza.

I componenti metallici sono in nichel nero lucido

Il Logo grafico Mandarina Duck, in stampa siliconica, personalizza gli articoli appartenenti alla linea.

INFO

Born in FW24 season as a travel proposal for those who love fabric lines, from FW25 ZEPHYR has been updated with light, resistant and functional bags designed for informal business use.

The range is complete for all needs, from small crossovers, to a backpack, to a computer bag.

ZEPHYR is presented in three interesting color options with a deep 3D effect, colors matching the Travel offer.

Practical storage pockets on the front panel characterize ZEPHYR.

Nata nella stagione FW24 come proposta viaggio per chi ama linee in tessuto, dalla stagione FW25 ZEPHYR si é arricchita di modelli di borse leggere, resistenti e funzionali pensate per un utilizzo business informale.

La gamma è completa per tutte le esigenze, dalle piccole crossovers, a uno zaino a una borsa due manici porta computer.

ZEPHYR è presentata in tre interessanti opzioni colore dall'effetto profondo 3D, proposte in linea con l'offerta Travel.

Sul pannello frontale pratiche tasche porta oggetti caratterizzano ZEPHYR.

BLACK	HUNTER	BLUE INDIGO	

INFO

Built for the journey beyond the airport…Meet the new Mandarina ***CITY DUCK*** *collection!*

Designed for modern travelers who move beyond the airport, CITY DUCK collection blends adventure attitude, city-nomad practicality, and a chic, playful Mandarina Duck signature.

It is a versatile line of three duffle-on-wheels (Cabin, Medium, Large). An expandable zipper provides extra packing capacity on Medium and Large sizes when needed.

Each item is offered in three colorways: Black, Hunter green and Blue Indigo.

CITY DUCK duffle-on-wheels feature two big-wheels that deliver noticeably smoother rolling through the city and on uneven surfaces.

Each duffle features two outer compression straps to cinch down the bag and keep the silhouette compact when not fully packed.

Both compression straps are equipped with a combination lock, providing extra peace of mind and helping keep the bag securely closed while checked in.

Compared to typical soft duffle competitors, the construction is more structured, helping the bag stand upright and stay organized in use.

The main textile is made from Recycled Polyester. CITY DUCK is part of ECODUCK™ project. Mandarina Duck, with this project, contributes to protecting the environment: by using a recycled fabric it is committed to guaranteeing more conscious and sustainable production.

Models are equipped with a practical front pocket for passports, tickets and essentials that must stay within reach.

A hidden trolley handle maintains a clean look, accessible via a magnetic top opening for a premium, intuitive user experience.

Each bag can be secured with a cable padlock featuring TSA functionality, enabling worry-free travel to the US.

Pensata per ogni tipo di viaggio… Scopri la nuova collezione Mandarina ***CITY DUCK!***

Progettata per i viaggiatori moderni che si spostano in auto, treno e in aereo, che vivono le città, la collezione CITY DUCK unisce spirito d'avventura, praticità urbana e l'elegante e giocoso stile inconfondibile di Mandarina Duck.

CITY DUCK è una linea versatile composta da tre duffle-on wheels (Cabin, Medium, Large). La cerniera espandibile offre volume extra per i modelli Medium e Large.

Ogni articolo è disponibile in tre opzioni colore: Black, verde Hunter e Blue Indigo.

I borsoni con ruote CITY DUCK sono dotati di due grandi ruote che garantiscono una scorrevolezza eccezionale in città e su superfici irregolari.

Ogni borsone è dotato di due cinghie di compressione esterne per compattarlo e contenerne l'ingombro quando non è completamente pieno.

Entrambe le cinghie di compressione sono dotate di lucchetto a combinazione, per una maggiore tranquillità e per mantenere la borsa chiusa in modo sicuro durante il check-in.

Rispetto ai tipici borsoni morbidi della concorrenza, la struttura è più rigida, consentendo alla borsa di rimanere in posizione verticale e proteggendone il contenuto.

Il tessuto principale è realizzato in poliestere riciclato. La collezione CITY DUCK fa parte del progetto sostenibile ECODUCK™.

I modelli sono dotati di una pratica tasca frontale per passaporti, biglietti e oggetti essenziali da tenere a portata di mano.

Il traino a scomparsa mantiene un aspetto pulito ed è accessibile tramite un'apertura superiore magnetica per un'esperienza d'uso intuitiva e di alta qualità.

Ogni borsa può essere chiusa con un lucchetto con funzionalità TSA per viaggiare negli Stati Uniti senza preoccupazioni.

ECO COATED

ECODUCK™
MANDARINA DUCK

IL "VIAGGIO SOSTENIBILE" di MANDARINA DUCK

Con l'obiettivo di poter contribuire a una maggiore **RESPONSABILITA' AMBIENTALE**, a partire dalla stagione FW24, siamo orgogliosi di presentare collezioni **PIU' SOSTENIBILI.**
Abbiamo così registrato il nostro marchio **ECODUCK TM** e sviluppato materiali realizzati con un'elevata percentuale di **plastica RICICLATA.**

Per il tessuto **della LINEA ECOCOATED**, abbiamo utilizzato un POLIESTERE 100% riciclato: dando ai rifiuti una nuova vita, abbiamo così ridotto il nostro impatto sul pianeta e realizzato prodotti resistenti e di lunga durata.

Massima attenzione è stata riservata anche al packaging: ciascun prodotto viene consegnato con un cartellino a forma di bottiglia che racconta una "storia": quella relativa al materiale impiegato, ed al numero di **BOTTIGLIE PET 0,50lt** utilizzate e rimosse dall'ambiente (riciclando), per realizzare il prodotto stesso; anche una polybag interamente riciclata è stata prevista per contenere il modello acquistato.

THE MANDARINA DUCK "SUSTAINABILITY JOURNEY"

With the goal to contribute to a more **ENVIROMENTAL RESPONSIBILITY**, we have been working on **SUSTAINABLE** collections since FW24 season.To this purpose, we have registered **ECODUCK TM** and developed materials having a very high percentage of **RECYCLED plastic.**

For **ECOCOATED LINE**, we have used a **100%** Recycled Polyester: by giving waste new life, we have reduced our impact onto our **planet** and manufactured strong and durable products.

Utmost attention has been paid to the packaging, as well: each product is delivered with a bottle-shape recycled paper hangtag telling a "story": about the material used and the number of existing **PET BOTTLES 0,50lt** removed and recycled to produce the product itself; we also consider a 100% recycled polybag to include any product that we supply.

INFO

Whether you're an adventure lover or have to go through the urban Jungle every day, the ECO COATED world is designed for you!

ECO COATED is the most innovative Travel Casual collection, a cross-category and cross-gender line, with a young cool look.

For those looking for a soft trolley that is functional, equipped with multiple pockets and studied down to the smallest detail, the answer is this line made of water-resistant coated fabric.

There are four color options– total black and yellow/black carryover, Off White/black and grey Marble/Teal seasonal – with a Mandarina Duck logo printed in contrasting color.

In perfect Mandarina Duck style, ECO COATED also plays with contrasting details, whether they are the pullers, the stitching or the plastic elements to protect the corners - that are the parts most subject to stress and wear.

The offer consists of cabin trolleys, medium, large, extra-large trolleys with expandability and two duffle on wheels. The line is completed by a trolley/backpack and a set of practical necessaires.

On the front panel, practical storage pockets characterize ECO COATED. On the upper part there is an elastic to be used as jacket or bag holder and it is stored inside a flat zip pocket.

The line has double wheels that guarantee optimal sliding.

The suitcases are provided with TSA lock and built-in address tag.

Per gli amanti dell'avventura oppure per tutti noi che ogni giorno dobbiamo destreggiarci nella Jungla urbana... ecco il mondo ECO COATED!

ECO COATED è la collezione Travel Casual più innovativa, una linea cross-category e cross-gender, dal look giovane e grintoso.

Per chi cerca un trolley Soft che sia capiente, funzionale, dotato di molteplici tasche e studiato nei minimi dettagli la risposta si trova in questa linea realizzata in un robusto tessuto spalmato resistente all'acqua.

Quattro sono le varianti colore – total black e yellow/black sono continuative mentre Off White/Black e grigio Marble/Ottanio blu é la nuova proposta stagionale - con personalizzazione logo Mandarina Duck stampato in contrasto colore.

In perfetto stile Mandarina Duck ECO COATED gioca anche con i dettagli a contrasto, che siano i puller, le cuciture o gli elementi plastici a protezione degli angoli, ovvero i punti maggiormente soggetti a stress ed usura.

L'offerta si compone di trolley cabin, trolley medio, grande, extra-large con espandibilità e da due duffle on wheels . Completano la linea un trolley/backpack e un set di pratici necessaire.

Sul pannello frontale pratiche tasche porta oggetti caratterizzano ECO COATED. Sulla parte superiore é presente un elastico ferma giacca o borsa riposto all'interno di una tasca piatta con zip.

La linea presenta doppie ruote che garantiscono uno scorrimento ottimale.

I trolley sono dotati di address tag e lucchetto TSA integrati.

ECODUCK™

SMART DUCK

1ST DROP

362	A80	A78
IRON	DARK GLOSS	PINE GREEN

INFO

Contemporary urban design for the new cross-category SMART DUCK Travel proposal.

Hybrid shell made of high quality PC (100% virgin Polycarbonate) and coated material matching colour

Expandable up to 5cm

Ribs artwork on front panel, which reminds of MD TANK inspiration

Very easy access to the main compartment through the front panel, when the case is both in lying and in standing position: it opens 90°, so you can pack or unpack your clothes in limited spaces; during your trip, you can also open the panel and quickly have access to the internal part thanks to a flexible material and strap adjustment

Fully integrated and most rigid trolley handle

Super silent Hinomoto wheels in larger diameter for check-in

4 soft touch corner bumpers

Easy bottom-grip

Integrated TSA lock combination

Padded 14 inch laptop pocket

Removable passport and boarding card zipped pouch

Nice rain/dust cover is also included

SMART DUCK ...Perchè smart é questa nuova proposta cross-category Mandarina Duck appartenente al segmento Travel.

SMART DUCK si caratterizza per il suo design urbano e contemporaneo.

I modelli della linea si caratterizzano per una scocca ibrida in PC di alta qualità (100% policarbonato vergine) e materiale spalmato in tinta.

I modelli sono espandibili fino a 5 cm.

Il pannello frontale presenta l'iconico design MD TANK.

Caratteristica distintiva della linea é l'accesso facilitato allo scomparto principale attraverso il pannello frontale, quando la valigia è sia in posizione orizzontale che in posizione eretta: si apre a 90°, in modo da poter imballare o disimballare i vestiti in spazi limitati. Durante il nostro viaggio possiamo anche aprire il pannello e avere rapidamente accesso alla parte interna grazie a un materiale flessibile e alla regolazione della cinghia.

La maniglia del traino é completamente integrata e stabile.

I modelli presentano ruote Hinomoto super silenziose caratterizzate da diametro maggiore per le misure check-in.

Per garantire protezione, quattro corner soft gommati sono montati sugli angoli.

Le valigie presentano un particolare design sul fondo per facilitarne la presa nell'utilizzo in viaggio.

Lucchetto TSA integrato.

É presente una tasca imbottita che puo' ospitare un laptop da 14'' e un necessaire logato rimovibile per passaporto e carta d'imbarco.

I modelli sono forniti con la loro cover di protezione antipioggia/polvere.
